Re: Product Information Update – New base pullout options.

We have made some new options available to the Base Spice pullouts (BFDx.xL/R-SPW). Cabinets can now have a 7 ½" and 16 ½" width option in design. We have also added a door/drawer option that will give this cabinet a shorter frame and two of the selected shelf style.

Based upon the same frame platform, we have added a wire wine storage solution at a fixed width of 15". Full door cabinet has a 12 bottle capacity and door/drawer style has an 8 bottle capacity. The wine storage cabinets are as follows:

20-20 Code: BFDWRPO15L & BFDWRPO15R
PSI Code: B-WRPOL-1D0D & B-WRPOR-1D0D
Description: Base, Full Door - Wire Wine Rack Pullout - 12 bottle cap.
Sizing: 15" W x 23 ½" D x 34 ¾" H
